Detailed description of Field Trip:

Learning Live: Monte Vista National Wildlife Refuge

Come and enjoy learning about bird migration and adaptations as we visit the Monte Vista Wildlife Refuge. We will have a chance to do some amazing bird watching seeing Sand Hill Cranes and many other bird species on their way North to nesting areas.

Our time at the Refuge will involve a fun activity that demonstrates the challenges birds have during their annual migrations. Bird watching during our trip will be an opportunity to see a variety of birds and observe their adaptations. Adaptations are the features or behaviors that birds have that help them survive. Adaptations that we see will be part of our bird watching discussion.

You will need the following equipment for our afternoon at the Refuge:

- Good walking shoes or boots- there may be snow on the ground.
- Dress in layers and have a warm jacket. Springtime wind can be really cold.
- Drinking water.
- Hat and gloves
- Binoculars/cameras for bird watching with bird identification books if you have them.

We will be outdoors for most of our time at the Refuge.

We will be on a National Wildlife Refuge so removing anything from the Refuge is not allowed.

Depart from School: 12:30PM

Return to School: 3:15PM
